

# Corded USB Mouse

*Ergonomic Design and Reliable Precision*

The Shintaro Wired USB Mouse is an ergonomically designed, stylish optical mouse suitable for almost any surface.

The optical sensor provides greater precision and reliability without the need for constant cleaning or unclogging, a common issue with traditional ball mice.

Featuring three buttons for easy navigation, this mouse is perfect for everyday use. With USB connectivity and an included PS/2 adaptor, it offers versatile compatibility for various systems.
